The 6 Most Historic and Architecturally Interesting Hotels in Chicago

| February 06, 2018

As one of the most architecture-rich cities in the world, travelers expect to be immersed in that kind of environment when checking into their Chicago hotel. Many of the city's most significant buildings have been thoughtfully preserved into luxury accommodations in recent years, bringing new life to former warehouses, banks, factories and clubs.

The Alise Chicago

WHY IT MADE THE LIST

Formerly Hotel Burnham, The Alise Chicago—inside the 1890 Reliance Building—boasts an elevator so gorgeous you'll want nothing more than to zip and down in it. The gold and iron work on the structure is stunning. Cocktails in Atwood Café will make you swear you're back in the 1920s. Daniel Hudson Burnham ranks as one of the top three Chicago architects of all time and this building was one of his designs.

With fun perks like pineapple cupcakes and a pet-friendly pa [Read More](#)
