

# There Is Surprising News In The Land of Staypineapple Today

Staypineapple team members across the nation discovered this morning that all the pineapple cupcakes were gone! They found nothing but crumbs and empty wrappers. Dash ate all the cupcakes!

**BELLEVUE, WASH. (PRWEB) SEPTEMBER 04, 2019**

[Staypineapple](#), a strong and growing brand of ten hotels across the nation, has made its mark in the hearts and minds of its guests and team members with extraordinary locations, whimsical designs, and thoughtful amenities.

Included in those amenities is their Afternoon Delights offering. Staypineapple guests can visit the lobby daily from 3:30 pm to 6:30 pm and enjoy mini pineapple cupcakes and fresh local coffee.

Dash believes that consistency is the best way to serve Staypineapple guests. Since each city had its own unique cupcake (that were truly delicious), that also meant that a guest wasn't getting the same Afternoon Delights experience from one hotel to another. So Dash took things into his own paws and reached out to independent craft wholesaler, [Little Rae's Bakery](#). Since 1996 Little Rae's has been producing delightful hand-decorated shortbread cookies and delicious fresh-baked pastries — all from their peanut-free and tree nut-free bakery in Seattle, Washington. Little Rae's will be shipping their custom-designed pineapple-shaped shortbread cookies to each Staypineapple city. "We're absolutely thrilled Dash's sense of smell led him to Little Rae's Bakery to provide all-natural, pineapple-shaped shortbread cookies! They're going to be super cute and colorful, and super safe to eat for those with nut allergies. We think it's a doggone great match up!" stated James Morse, President of Little Rae's Bakery.

Dash ate all the cupcakes!

"These all-natural, non-GMO, nut-free cookies are pawsitively delicious, and will be a guest favorite for many dog years to come!" - Dash, The Pineapple Pup

“When guests daydream of Staypineapple, we want them to think of all the fun, delicious ways we make their stay unique and out of the pawdinary,” said Dash. “These all-natural, non-GMO, nut-free cookies are pawsitively delicious, and will be a guest favorite for many dog years to come!”

The next time you Staypineapple, be sure to enjoy Afternoon Delights with Little Rae’s pineapple-shaped cookies and a fresh cup of joe!

Okay, clearly Dash is not a real dog and he didn't eat all the cupcakes. But, Staypineapple truly did partner with Little Rae's Bakery and made the switch from cupcakes to pineapple-shaped cookies for their signature Afternoon Delights guest amenity. And they're delicious!
